Magdalena Marczewska

Product Designer

■ London, UK | ✉■ [your email] | ■ Portfolio available upon request

Profile

Product Designer with 6+ years of experience designing consumer-facing apps and complex digital products across mobile, web, and hardware interfaces. Currently the lead designer for InPost UK's consumer app, driving research, accessibility, and design systems. Passionate about creating simple, elegant solutions to complex problems and shaping seamless user experiences.

Experience

InPost UK — Product Designer

2021 – Present | London, UK

- Lead designer for the InPost UK consumer app, responsible for end-to-end UX/UI design, research, and delivery.
- Conduct usability testing, interviews, and accessibility reviews to improve user experience.
- Designed solutions for logistics edge cases, similar in complexity to fintech scenarios.
- Collaborated with product managers, researchers, developers, marketing, and CX teams.
- Designed and maintained global design system across apps, parcel machines (APM), and email communication.
- Ran workshops and design metrics reviews to align design goals with business outcomes.
- Spearheaded UK website rebranding and app localization, adapting core Polish app to UK market.
- Currently contributing to global app strategy, unifying research insights and proposing scalable design solutions.

Pixeled Eggs — UX Designer

2019 – 2021 | London, UK

- Designed user-centered websites and apps for clients across different sectors.
- Conducted user research and usability testing to inform design decisions.
- Created wireframes, prototypes, and interaction designs to bring concepts to life.
- Worked closely with developers and project managers to ensure smooth delivery of projects.
- Focused on improving accessibility and usability standards for digital products.
